Give your students summer freedom and online flexibility.

Your district can offer an innovative summer school option this year that allows your students to stay engaged academically while still enjoying the freedom of summer. Connections Learning helps schools and districts offer online summer school programs that address students' needs, adapt to family vacation schedules, and help protect district budgets.

Students can explore new interests and build new skills

With more than 100 different online courses to choose from, a Connections Learning online summer school solution can suit every student's needs. Whether you have high school seniors needing math credits for graduation or parents seeking a summer enrichment activity for their kindergartner, our summer programs can help:

- **Original Credit Courses** help students satisfy graduation requirements, explore their interests, or accelerate their academic progress in courses ranging from digital photography to computer technology to math.
- **High School Credit Recovery Courses** ensure students earn the credits to move forward and acquire the skills to succeed.
- **Career and Technical Education (CTE) Courses** help your high school students explore and further develop interests and earn credits at the same time. From Business to Criminal Justice to Psychology, our CTE courses can help turn curiosities into careers.
- **Educational Technology Courses** for students in K-8 combines essential reading and math skills with technology instruction, making learning fun and relevant for today's tech-savvy student.

“Rolling” Start and End Dates

Connections Learning's online summer school courses have great flexibility to fit your district's or school's summer schedule.

- Choose your start date (June 6, June 13, June 20, June 27, July 5, and July 11)
- Last day is August 8th

Call (866) 842-7428 today to set up your summer program!

Elementary and Middle Spanish

Your elementary or middle school students can be introduced to Spanish through our online World Language courses. These innovative courses feature flexibly-paced online instruction combined with live practice with language fluent speakers.

**Languages**
- Elementary Spanish I
- Elementary Spanish II
- Middle Spanish I
- Middle Spanish II

Educational Technology Courses

These programs offer students in grades K–8 essential technology skills for their age. While focusing on technology skills in which all students are required to possess by the end of the 8th grade, these programs reinforce reading, language arts, and math skills. If you wish to accelerate your student's current technology knowledge, it is suggested to place him or her in an advanced grade level program.

**Courses**
- Educational Technology – Kindergarten
- Educational Technology – 1st Grade
- Educational Technology – 2nd Grade
- Educational Technology – 3rd Grade
- Educational Technology – 4th Grade
- Educational Technology – 5th Grade
- Educational Technology – 6th Grade
- Educational Technology – 7th Grade
- Educational Technology – 8th Grade

Music Education

Children from Kindergarten through 8th grade can gain a greater understanding of music through hands-on music activities and study of music repertoire. These music courses can serve as a primary introduction to music concepts or can supplement your student's current music education for a richer experience.

**Courses**
- Experiencing Music I (K–2)
- Discovering Music I (3–5)
- Exploring Music I (6–8)
